Pulsed Light Photorejuvenation (IPL)
This non-invasive treatment with the Palomar Icon uses pulses of visible light to improve the appearance of aging skin. Beams of light are absorbed by the pigment in your skin and converted to heat that dissolves the cells that create pigment and shrinks the vessels. IPL is very effective on sun spots, broken capillaries, and rosacea. The most commonly treated areas are the face, neck, décolleté, and hands.
Fee: $100 and up  Average Session: 45 minutes

Exilis Ultra™: Skin Tightening, Body Contouring, Cellulite Reduction
Exilis Ultra™ is a non-invasive treatment for skin tightening, body contouring, and cellulite reduction. It is the only non-invasive treatment that combines both ultrasound and radio-frequency technology. Many areas on the face and body can be treated including: eye area, jowls, jaw-line, neck, décolleté, area around mouth, abdomen, arms, knees, and thighs. Pain-free and no “down-time”. Results can be enjoyed after even 2 sessions although 4-6 sessions are recommended.
Fee: $250-1,750

Collagen Induction Therapy
Collagen Induction Therapy, also known as microneedling, is a natural treatment to improve your skin texture, smooth wrinkles and soften scars by stimulating your body to produce new collagen. It is suitable for all skin types and all areas of the face, neck, décolleté and hands. Minimal downtime.
A series of 4-6 treatments provide the best result.
Fee: $275 single treatment or a Series of 4 $825
Average session: 50 minutes

Laser Hair Removal
Hair reduction with the Palomar Icon is available for all skin types. Light-based permanent hair reduction can remove hair from the face (except around eyes), back, chest, arms, underarms, bikini lines and legs. Approximately six sessions are needed for the best aesthetic outcome. Hair removal is sold in packages of three.
Fee: Small Area - $175 for three treatments
Medium Area - $250 for three treatments
Large Area - $395 for three treatments
Average Session: 15 – 60 minutes
